BE FUTURE READY!

The National Academy Foundation (NAF)

The National Academy Foundation's educational design ignites students' passion for learning and gives businesses the opportunity to shape America's future workforce by transforming the learning environment to include work-based learning experiences, including internships. In addition, NAF Academy graduates receive NAFTrack Certification, giving them preferential hiring in some Fortune 500 companies when applying for jobs during and after college.

Phelps NAF Academy of Engineering

The mission of Phelps NAF Academy of Engineering is to provide students access to intellectually challenging studies in fields that emphasize the higher levels of mathematics, science, technology, critical thinking, literacy, and problem solving needed to be successful in obtaining a post-secondary degree, professional certification or careers.
